Auto Marketing Salesman Package

How Does It Work?

CarNet's Salesman Marketing Package is a turn-key, ad based car buyer generating engine.

- 1.) 📄 Advertisement:** For 30-days, CarNet will place advertisement on all of the major car shopping websites within a 15 mile radius of your dealership.
- 2.) 📱 Website:** Once the consumer clicks on your custom ad, they are directed to a secured app website where we collect their basic contact information.
- 3.) 📞 Call Center:** From there, a trained agent from our Elite Call Center will acquire credit information to get the prospect pre-qualified and set an appointment to visit your dealership,
- 4.) ☁️ CRM:** You are notified instantly of your new buyer via our cloud based CRM My Fresh Prospects. The state-of-the art CRM allows you to text, email or correspond via a dynamic letter generator for print and mail with your new customer. Both the salesman and the customer get reminders of the appointment.

About Us

Founded by veteran car dealers, CarNet is a proven, high return on investment marketing resource, trusted and executed on a no-commitment basis by hundreds of dealerships nationwide. We boast a 20+ year A+ rating from the Better Business Bureau, and a perfect 5.0 review score on social media.

Our marketing packages offer more features than any other company in the business, including our Elite Call Center and cloud based CRM. All elements of our platform are proprietary to ensure top tier seamless and effective results that equate to high ROI for your bottom line.
